

MOUNTAIN ADVENTURE

It's a book that had a huge impact on me. I loved that as a shape for a novel: put a bunch of people in a beautiful place, give them all tuberculosis, make them all stay in a fur sleeping.

Life is now

MOUNTAINS *are the beginning*

Once a landscape is industrialized, its wild character is lost for good. You can't recreate untouched tundra, mountain meadows, crystal clear streams, and animals that have never encountered toxic waste. HIKING TRIP *How to Train*

Training for a hiking trip can be a daunting experience. You may wonder if you're fit enough or question your ability to carry a heavy pack. That's why I asked other experienced hikers for their advice. Read on for their invaluable tips that will help make your long distance trek an incredible experience.

Fill The Form

GO BIG OR STAY HOME

Active types like Marc travel for experiences that engage the muscles as much as the mind or the heart. Whether that's a leisurely bike ride through remote villages, a trek to the top of Kilimanjaro, or physical pursuits like rock-climbing, ziplining, or dogsledding.

SMALL-GROUP TRAVEL

Put more into it.

Active Adventure For All

You don't need to be an elite endurance athlete to enjoy an Active tour. Many are made with the first-time Active traveller in mind.

Physical Demand Ratings

You know your limits best. Each Active tour comes with a Physical Demand rating to help you decide how much is just enough.

Options Aplenty

We classify each Active tour as Hiking, Cycling, and Multi-sport, but that's not all you'll do. Each one includes options for other fun pursuits, too.
